WISH LIST: *

Please, list some items for your classroom/workspace. (Things for this list could be items for rewards, decorations, supplies, etc.)

1. Would really like to have six dry-erase marker boards (32in x 24in) for students to discuss answers to problems while seated at their tables and bring their final answers to the front for comparison and whole classroom discussion. The boards don't need to be fancy. The old ones I have, my husband cut them from a big marker wall board panel that I bought at Lowes about 7 years ago. They don't erase well anymore, so I would like to replace them.
2. Fast-dry super glue for STEM projects.
3. Mini glue sticks for hot glue guns for almost all the STEM projects.
4. 6 black regular size tip sharpie markers
5. About 2 dozen red pens for students to use in the classroom.
6. Lots of pencils.
7. A dozen plastic folders with prongs for STEM.

Is there anything else that you would like us to know about you?

I love to pray for people but don't like to go asking around about people's lives. If there is anything you would like me to pray for, please do not hesitate to let me know.

Thank you so much for loving us teachers the way you do!

God bless you all!!
